The visit of the brother Kenneth Parrish from Gainesville, Florida:

Our beloved brother Kenneth it arrived in Nicaragua the day Tuesday 28th of November, and it was until the day 07th of December of the present year 2007... The brother Kenneth should have a surgery that postponed it to be able to travel to Nicaragua and to be once again among us... All the saints from Nicaragua are in many prayers for the brother's health Kenneth, our prayers rise to our Father's throne so that it directs the hands of the surgeons that will be operating the brother, that God grants him the force and all the trust that it will still continue among us to make more works for the Lord here in the earth... The brother's visits Kenneth has been of a lot of value for the work of the Lord in Nicaragua.

We all are very grateful with the brother Kenneth, as well as with all those saints that send help through our brother for build local, for the clothes that without a doubt are of a lot of benefit for all, likewise brethren's medicines, and also purchases of Bible for the churches that need them... That God remunerates more and more the efforts of the brother Kenneth and of all those that send donations through him, and you help for the saints in Nicaragua.

Liberal brethren in the city of Leon:

From the years 95 the division among the fraternity one has come being very notorious, the causes of the division one has come crystallizing among the fraternity of Nicaragua... Many churches and groups have abandoned their non biblical practices, their forms of making the work of a church outside of the outline of the New Testament.

Now my brother José Martínez from Diriamba has come making an excellent work among the liberal brethren of the city of Leon, this city this 80 Klm to the north of Managua, it exists the great possibility that ten liberal congregations give up their practices... These four congregations have already cut their communion with the liberal brethren, but they have not still opted for the truth, has been studying with them... The brother José Martínez has requested us help to who we had in the past you practice them of the liberalism... In the case this servant, I know the preachers of this city, I met them in the liberalism, two of them were my teachers of Bible in the school of preachers in Nicaragua, and I am very willing to collaborate with the truth, so that these brethren leave the error and they can understand the truth.

If God helps us this year 2007 we will finish it with the conversion of these four liberal congregations... On Sunday 03rd of December the brother Kenneth Parrish was in one of these congregations, the biggest in Lion, with a membership of 350 members... The brother Kenneth Parrish presents the sermon and to the brother Domingo Cuadra was granted the study this Sunday... The brother Kenneth had a chat with the men of this congregation where the brother Kenneth exposed the points of the centralization and the institutionalism, and all they said to have understood the truth regarding the problem of the centralization and the

institutionalism... The brother Kenneth felt very joyful of having collaborated a little in this work with these churches.

We request your prayers for these efforts that are making to conquer these souls of the Lord for His truth. These are it that the Lord it granted us to make during this month of November 2007, hoping you can be enjoyed with us the advances of the work of the Lord.

Thanks to you for your companionship in the work that this servant carries out for the honor and the glory of our God... You have part in this work that this servant carries out.

Thanks for your fine attention... That God always blesses them in all the things.

To the service of the Lord Jesus, your brother:
