

NICARAGUA REPORT

May 2, 2008

Beloved brethren in Gainesville, Florida

Receive our fraternal greetings for all you in Christ's love.

It is a joy to share with you that the Lord it allowed us to make in His vineyard during this month of April 2008... Waiting in God that you can also be blessed in the work that you offer to the Lord in this world.

Evangelism:

We continue dedicated to the preaching of the gospel... Some friends still receive us in their houses during the week, and we wait in the Lord that soon can obey... We request your prayers for these people, among them Darling Blandon, Socorro Mejía, Yulissa Sanches, Celina Flores, Fresia Moreno, Hazell Sevilla, Jonathan Sevilla, Alejandro Mejía, Byron Méndez, William Méndez, Alexander Jarquin Moreira, Pedro Altamirano, etc.

Baptism: As I had already announced before it, on Sunday 06th of April were baptized for the pardon of their sins, our now sister Damaris Sevilla Castellón... Our sister is being strengthened; she has begun her Christian life with a lot of spirit, without failing any of the programs of the church in Campo Bruce... Our new sister has expressed her happiness now that she is a Christian, daughter of God... We are also very happy of having it as our sister in Jesus' faith.

It disciplines: After all the efforts to win our brethren Juan Tapía and his wife Juana Ramírez, as well as to our sister Marcela Gutiérrez we didn't have left more than to apply the discipline of the Lord to them, waiting in God, with all pray that grants them the time so that they meditate of his lives and look for to God in some moment of his lives.

Reconciliation: We also had the happiness of receiving our brother Orlando José Cuadra, who came repent on Saturday 26th of April... The brother Orlando had been put two years ago in discipline and now it returned to His Lord, we have left more than to receive him and to console him in the Lord (2Corinthians.2: 5 – 11) ... Praised it is the Lord to have brought us from return to His vineyard to our brother Orlando José Cuadra.

Edification:

This servant is always shown very interested in the spiritual growth of the church through studies and sermons... This servant tries to complete his work as Jesus Christ good evangelist (1Timothy.4: 6 – 16; 6: 20, 21, 2Timothy.4: 1 – 5)... Qualifying the saints to make the work of the Lord in this world (Ephessians.4: 11 – 16)... Strengthening the spirits of the saints amid the setbacks of this life (Acts.14: 21, 22)... Instructing to the church to not settle down in a future very distant our own Elders (Titus.1: 5 – 9; 1Timothy.3: 1 – 10)

I request your prayers for this congregation that makes an effort in great way to glorify to our God through a service according to their will.

They visited us during this month of April:

From the 13th up to April 20th our brethren visited us José Antonio Fariñas and David Raif, they were with several congregations of Managua, among them Villa Miguel Gutiérrez, Reparto Schick and Campo Bruce... Our brethren imparted us studies of a lot of spirit, of a lot of edifying for our lives; the fraternity shared with them was another factor of comfort amid many difficulties that Nicaragua crosses.

We are very grateful with our brethren and we thank mainly to our God for the comfort that gives us of seeing other brethren that make an effort to make their will in other parts of the world.

Also from the 22nd up to April 27th visit us our beloved brother Kenneth Parrish to be with some of the churches of Managua, among them Villa Miguel Gutiérrez, Las Torres, Reparto Schick and Campo Bruce... Each autonomous congregation had its own evangelistic program, and one invites to the other churches of the area for the same program... It was of a lot of blessing those days, because not alone you support the work of the Lord, but rather the saints that had not been seen by lack of time and work in those days dammed the embraces and narrowing of hands among the saints of the town of God... The friends were lively to be added to this joy through the obedience to our Lord Jesus Christ gospel.

In our case, the meeting local was us very small for so much people that I visit us, not single brethren of other congregations, but also the presence of many friends (a picture is put under this report)... We thanks to our brother Kenneth Parrish and to the saints of Gainesville, Florida that they made possible with their help the reproduction of pamphlets evangelistic, more than a thousand five hundred pamphlets reproduced in those days, thank you for the Bible for the friends and brethren, thank you for the hymnals, as well as for the eyeglasses for brethren that needed to read their Bible.

We are very grateful with our brethren of Gainesville... That God blesses them and I remunerated them more than what they offer for the work of the Lord here in Nicaragua.

Studies with liberal brethren:

We continue the studies with brethren institutionalism in Managua, of two groups, one of them has already accepted the truth and they have moved away from the error, but we still continue in studies with them, because it is still necessary a lot to study... The other group of brethren, those of the neighborhood Bolonia, doesn't still have you I decide anything, but the brethren there little by little they have come observing the difference between the truth and the error, and the possibility exists of beginning a new congregation in that neighborhood, because not alone we have been in studies with the brethren of the sector, but we have also been evangelizing the area and there are good contacts... So that although they don't like the idea of seeing us in the area to the brethren institucionalistic, of one or otherwise the gospel will be obeyed by those of sincere hearts.

I request your prayers for this effort that God helps us to defend His truth and to preach so alone that that this according to the healthy doctrine (2Timothy.1: 13; 4: 1 – 5; Jude 3)

Gratefulness and final requests:

I give thanks to my God for the privilege of teaching His word on time complete, and to you my saint's brethren that have companionship in the work that this

servant carries out in Nicaragua... You have a lot of part in this work that is good to glorify and to honor to our God... That God always blesses them in all the things, as well as in your life like Christian.

I request your prayers for wife's health Sandra and for the health of this servant who in these sick first days of an infection in the tonsils (throat), and am taking their medicines... thank you very much.
