May 7, 2008

Dear brothers from Gainesville Tampa,Flo

With great joy an expectation a few months ago I reported about an institutional church that began to pay attention to the sound doctrine .Well with more joy in my heart I desire you know that they finally resigned to the Liberalism . They were in communion with the Sponsoring church from VALDOSTA and the churches from Nicaragua that belief the same but now that they studied the differences they are in communion with us . Brother Harvin Fernandez and me are developing a plan for the continual work with them.

Las Torres church of Christ,Managua.

Angel Antonio Flores Gutierrez was restored to the communion with the Lord. He was immersed in a Liberal church that not longer more exist in this suburb from Las Torres . Continually we finding those lost sheep of the Lord that were abandoned.

Gospel meeting held

Our Gospel meeting held was very succesful because we preached the gospel , we were spreading a lot of tracts, some non-converted people attended the meeting . We appreciates that vengelists from the locals conservatives churches of Managua helped us for spreading tracts and were preasent supporting the meeting . As a local church we did the same . We were present in the gsopel meetings held in El reparto Schick church of Christ, Villa Miguel Gutierrez church of Christ and CamPo Bruce church of Christ. We were preasent for building our faith with the word of God that was preached. Our brother Ken Parrish from Gainesville was working with us too.

**BENEVOLENCE WORK THAT OUR BROTHER KEN DEVELOPED IN HIS VISIT THE PAST APRIL**

We purchased some 5000 total copies of tracts that were distributed among the churches and preachers.

Medication for several brothers and sisters.

We helped three preachers with their travell expenses.

- a preacher for purchasing the Items and the handwork for repairing his auto.
