

My Beloved Brethren,

May the peace and the blessings of the Almighty rest and abide with you all in Jesus' dear name. May I use this opportunity to thank you all for your kind assistance and encouragements in preaching the gospel of Christ in this part of the world.

Despite the challenges (which included health issues, car trouble, and school fees) that we have gone through in recent times; the Lord's work is thriving to His glory. And by God's grace, we have been able to preach the truth and silence the institutional brethren at various points.

Kindly go through the tabulated report for easy reading and reference.

London Lectureship: Due to a successful hosting of last year's London Lectureship at Stratford, London, I am being invited once again to preach and teach at this year's lectureship. This will once again afford me the opportunity to visit many local churches to teach and preach among them. The congregations over there are relatively poor and small when compared with churches in America, and even West Africa. But the fact is that they are very eager to learn and study the word of God. But, there is a big problem of finance as the congregations, I am told are made mainly of students; hence their inability to even pay for my ticket. Last year a family bought the ticket for me. And I do not know how much they can render this time around. Please if anyone can assist, kindly let me know since the lectureship is coming up on the 29th and 30th May, 2010.

Finances:

May I use this opportunity to thank you all for coming to my rescue in time past. May the Almighty God forever meet you all at your various points of need in Jesus precious name.
AMEN

Thank you so much and please continue to pray for us and the work here in Nigeria.

Yours In Him,
