

# REPORT FOR FEBRUARY 2006

March 5, 1006

The month of February has been very interesting for the work we are realizing in Valencia. We have been visited every Sunday by Tulio and Abigail, the sister of our recently converted sister Ana Romero. I was in the home of their Mother and we talked with her awhile. Her Mother was a Jehovah's Witness for 20 years but has now left them—you could say that Abigail was practically raised there. I am sharing some things the JW believe.

Abigail was baptized yesterday, but I'll talk about that in the next report.

The new sisters, Isabel Ramirez and Ana Romero have been attending faithfully. I want to follow up to strengthen them spiritually. Ana has shown good interest in learning and preaching the Word. I am also taking advantage of the Sunday Bible classes to continue preparing the brethren Bible study and spiritual growth.

Concerning the family in Guacara I have not been able to study with them these two weeks—they have been out and I have not been able to contact them.

I am visiting regularly (every Thursday) with the church in Cagua, teaching a series about "The Christian Home". I am also going with Jose Diaz to study with a daughter of Sister Primitiva, who died two weeks ago. With Jose I am also sharing some things of the ministry.

In the next report, if God wills, I will detail a little better the beginning of the work this year. That is all for the moment.

Your brother in Christ, Gustavo Moreno
