

Manny Ebong has been invited to go to London to work with small congregations of Nigerian immigrants. They are largely untaught on institutionalism, and Manny wants to ground them. He and Blessing would like to go for about a month. If they can buy tickets from British Airways right away, the total cost for airline fare will be about \$1400 round trip for the two (\$700 each). They will stay and eat with brethren in London.

In addition Manny is short of money needed for children's school fees this month. You can mail a check to:

Karl Diestelkamp
8311 27th Ave
Kenosha, WI 53143-6230.
(Karl maintains a checking account for Manny.)

Any help you can send will be appreciated, acknowledged, and accounted for.

Brotherly,
Keith Sharp
