

Report January - February 2011

From Lima, greetings to all our family with love, with the grace of God manifested in Jesus Christ, we are happy that we took in the work of preaching the precious salvation. Thanks are given to the Father for your prayers and words of encouragement to share with us, for good and valiant service to the Lord, on behalf of them embraced.

January

In the first week traveling from Lima to continue Cañete and from there we get involved in reaching the community and Lunahuaná - Paullo. The reality of spiritual need attention, as in similar places of country life of ignorance, neglect and various erroneous doctrines have created some suspicion, to indifference to the message and God's mercy. I am encouraged to find willing partners in the community to preach Christ in this part of the Cañete River Valley.

Some contacts we made last year have gone to the extent defined in terms of their spiritual condition, rather, some have been sincere in their desire to remain in their state of perdition, and others have resolved to take heed to the Word

Evangelism

Since our arrival in the area of Paullo seek to improve access to the community for preaching. And in doing so "visible" between them. We had the opportunity to make arrangements to rent the local communal dining.

We scheduled an evangelistic campaign for 24 months, using the contacts that had already been initiated and as a way to let us

of God. In the past they have been "harassed" by a pastor and almost harassed by the Witnesses, are the experiences that comment. Love, time and patience is like looking closer to Christ.

Brothers who preach in Lima we met Kevan O'Banion (who visited Lima and northern Peru in January) and coordinate the activities of visiting the church in this city and know the progress of the Work in the area north of Lima, first, then assist in the various areas of preaching in Los Olivos, Puente Piedra, Cañete, also in Chiclayo, in northern Peru. Continuing with his usual visit to the church in southern Lima Piura and makes each year.

know directly, with the brother O'Banion as expositor of the Word. We had good attendance of interested persons who keep in touch.

Thomas has shown a great interest, with many questions, seeking to ensure (he says) that is teaching according to truth. Much to study with him for his experience and past practice

within the evangelical groups and beliefs.

Seeking families to find the pleasure to study (for their limited access and development of it), among various excuses of lack of time and schedules that cannot carry a constant frequency. I pray the Lord because He has mercy on their lives.

We had another opportunity to enter the home of Rosa, accompanied by my mother-in-law: Emily, Kevan and Helmut. Other visits were very encouraging, in different parts of Lima, accompanied by brothers who live and work in:

Villa el Salvador (al sur)

Study at home evenings. Start the Sunday service

February

This month was complicated, essentially the rainy season in the high country, for this reason we have courts of potable water and electricity flow less frequently. The available time is scarce in the afternoon, there are fewer opportunities for study work schedules, classes organized at home became less frequent (and alternating with the usual family devotions), as did invitations to Bible Study and service on Sunday morning, which began the first Sunday of the month.

With the desire to continue with the invitations we expanded to the bottom of Puallo, animal farming area with little care, there is more visible the abandonment of children by the effort to work very early, even to night. Families in the day made up of seniors and grandchildren of different ages. This is a good time, Yoly better able to approach people who are here in the day, gradually begin opening up the confidence to know them better. Making visits in pairs is always better, we keep busy and thank the Lord. We also ask your prayers for these families.

Evangelism

Oscar is a very courageous guy of 10 years, he has been watching from a safe distance my studies with Thomas in the afternoon. Since the beginning was a surprise and a certain disinterest in Bible study, but now helps with reading, has taken its expectation desire to learn, thank God for him! Children like Oscar can not be seeing much in the stre-

ets, perhaps watching television (which have one at home) and most chores in the field or river. The home of Thomas studies have been helpful for him, he gained confidence to be getting better sound doctrine. Now is a better receiver of the gospel of Jesus Christ, I pray the Lord that manages to be obedient to his call and started the conference this

interest still daylight and we extend to 10 hours of the night as a maximum. I am full of work thanks to God for these occupations, I am very blessed. Particular the visit of the brothers Emilio Acevedo (from Chile) and Miguel Rosario (from New York) for the month of May, with the noble purpose of knowing the work in Lima.

Oscar y Tomás after study

As will be visible to all, and we are in the second week of March, so the delay of this report is clear. Problems with the electric fluid affected us and delayed the release of this report. Already at this time the low rainy season and we have more opportunities to use the computer

Thanks for your prayers that are so necessary for our family. Yoly, Angel, Faby and I love you in Him.

Yours in Jesus Christ

HELP U.S. PRAY PLEASE

We know the work and the needs of our closest brothers, hitting your heart is to see the few opportunities where is Carlos Perez and his family. Still, his perseverance and love for the Lord's work is admirable, occupying many hours a day to collect their daily bread.

Remember together that brother Carlos lost his salary by the desire to do right and do not agree neither agree with the liberal system, which has gone through much pain and frustration experienced. We identify closely with their circumstances, also because we travel down this road when we decided to walk in sound doctrine.

Please ask of you dear brothers constant prayer for the good Christian and his family. And may the Lord be glorified in their lives, fulfilling His will.

God bless your good intentions of joining in this request for my family. Thanks.
